

### **6.4.3 - Institutional strategies for mobilization of funds and the optimal utilization of resources**

Various plans and strategies are implemented to generate funds from different sources for developmental purpose of the institution without violating the statutory regulations of the land and adhering to the values of our founding fathers. Alumni Association of Union Christian College is very active and has its chapters active in various parts of the world. The Canada Chapter, Kuwait Chapter etc are a few to mention. All these different units comprising our proud alumni contribute generously to the development needs of the College. Regular meetings with alumni are held to generate funds for constructive purposes of the College.

PTA fund is collected with due consent from parents and is used for providing essential facilities to the students. A PTA general body meeting is held twice a year to ensure proper interaction with the parents. Donations to development funds by Old Students and well wishers are encouraged and promoted through personal interactions.

Faculty undertake projects through various governmental as well as non-governmental bodies through which funds for various academic activities are generated. Younger faculty members are encouraged to undertake major and minor projects to guarantee fund flow to different departments which can be used for developmental as well as scholastic activities. Combined projects by different departments like Physics and Chemistry help even distribution of funds among departments for academic activities.
