

# Moodle Training Sessions for All Teachers of the College

The screenshot shows a Moodle course page titled "Moodle training to Faculty Members". The left sidebar contains navigation options: Course sections, Participants, Badges, Competencies, Grades, Dashboard, Site home, Calendar, My courses, Private files, and Content bank. The main content area has a breadcrumb trail: Dashboard > My courses > Demo Video. A "Turn editing on" button is visible in the top right. Below the breadcrumb, there is a "Your progress?" section with a "Training Plan" icon. The training plan text reads: "For conducting courses in Moodle following are the steps .". Below this, there is a numbered list of 7 steps:

1. Create courses, assign faculty to courses, assign students to courses – Already done by department coordinator
2. The faculty can login to his/her account using the username provided.
3. Select My Courses from left menu.
4. Use the option "Turn editing ON" to make any type of modifications.
5. Create modules in the course.
6. Add Learning materials in the selected course.( Can be any types of files, audio or video links to you tubes etc)
7. Add assignments, quiz etc during the course

The Windows taskbar at the bottom shows the time as 10:49 AM on 20-Jan-22.

The screenshot shows the same Moodle course page, but now displaying a video titled "Training to faculty members Google meet 1". The breadcrumb trail has updated to: Dashboard > My courses > Demo Video > General > Training to faculty members Google meet 1. The video player shows a man speaking, with the title "moodle training session 1" and a YouTube logo. Below the video, there is a "Previous activity" section with a dropdown menu showing "Introduction to moodle" and a "Jump to..." field. The Windows taskbar at the bottom shows the time as 10:50 AM on 20-Jan-22.

# Excel in Excel - 20 days Short term Course for Teachers, Students and Non-Teaching staff

The screenshot shows the 'Stream' tab of a Google Classroom. At the top, there are navigation tabs for 'Stream', 'Classwork', 'People', and 'Grades'. The main content area displays a post from Cijin K Paul dated July 11, 2020, titled 'Cijin K Paul posted a new assignment: Formatting options'. Below this, a message from Cijin K Paul dated July 10, 2020, provides course instructions: 'On each day I will be posting one lecture, one quiz and one exercise. All students have to watch the lecture, do the exercise in your computer and answer the quiz. Those who are using mobile phones and does not have excel application will find it difficult to do the exercise. You can return the assignment by selecting the option "add work" on top right side of your screen and can attach the excel file you prepared. click "turn in" to complete the submission. The final grades will be calculated depending on the daily quiz and the exam which will be conducted on last day. The dates of assignment and quiz are open for some more days so that, the students who join late are also allowed to submit them.' Below the message, it indicates '3 class comments' and shows a comment from Aleesha Joy dated July 11, 2020, saying 'Okay sir'. At the bottom, there is a text input field for 'Add class comment...'.

The screenshot shows the 'Classwork' tab of the same Google Classroom. At the top, there are navigation tabs for 'Stream', 'Classwork', 'People', and 'Grades'. The main content area features a 'Create' button and links for 'Google Calendar' and 'Class Drive folder'. A sidebar on the left lists 'All topics' including 'Macro and windows', 'protection', 'validation', 'sorting', 'Data filtration', 'date functions', 'String functions', 'Logic functions', 'Arithmetic function 2', and 'Arithmetic functions'. The main content area displays a section titled 'Macro and windows' with three items: a 'Quiz' due on Jul 29, 2020; a 'Practice macros and window arrangements' due on Jul 29, 2020; and a 'Lecture' posted on Jul 25, 2020. The 'Lecture' item includes a video thumbnail titled 'window.mp4' and a 'View material' link.

# About the Department of Chemistry

The Department of Chemistry was initiated in 1926 from the very inception of the Science stream of the Intermediate Course in the College. Prof. T. R. Anantharaman was the founder Professor and Head of the Department. The B.Sc course in Chemistry was started in 1953. Under the inspirational leadership of Dr. A. M. Chacko, the PG course was initiated in 1982. Owing to the untiring efforts of the eminent faculty, the research activities gradually increased, and the department attained formidable reputation in the national scene as one of the finest schools of chemistry for graduation. With the advent of the new era, the department is marching forward in newer areas of research and teaching with 9 young and energetic faculty members who has industrial and academic exposure from premier institutes of India and abroad. Three of them are recognized research guides of Mahatma Gandhi University. Chemistry division offers research opportunities in a wide range of interest from traditional organic, bio-inorganic chemistry to new frontiers of material research, medicinal chemistry and nano science.

## About GAD TLC of MHRD

“Guru Angad Dev Teaching Learning Centre” is a centre of MHRD under the Pandit Madan Mohan Malviya National Mission on Teachers and Training (PMMNMTT) of the MHRD, Govt. of India. The objectives of the Teaching Learning Centre are to prepare Modern age teachers. Under this centre many National level activities like Seminars, FDPs and workshops at both basic and advanced level are being conducted to empower the teachers in ICT skills, develop teaching kits / teacher’s tools and ICT empowered pedagogies to enhance teaching-learning process. In its various programmes, around 25000 teachers across the nation have benefitted till now. The GAD-TLC is not only conducting MHRD’s newly introduced Faculty Induction Program (FIP), but also provided inputs in designing the content framework for the same to be implemented by all other centres for the FIPs. The centre has in-house e-learning technical expertise and infrastructure (video studio with virtual set technology) for e-content development in all formats including multimedia enriched video, animations, etc. as well as for virtual groups on LMS. The core team has developed more than 50 MOOCs for SWAYAM platform of MHRD, Govt. of India. GAD-TLC at SGTB Khalsa College, DU has been awarded the National Resource Centre of Chemistry, by MHRD, Govt. of India. The mandate of this National Resource Centre (NRC) is to conduct Annual Online Refresher Program for higher education faculty in Chemistry under the ARPIT (Annual Refresher Programme in Teaching) scheme of MHRD.

## About Union Christian College

Union Christian College (UCC), Aluva, a premier institution affiliated to Mahatma Gandhi University (MGU), Kottayam, Kerala would be celebrating its Centenary in 2021. The College is located on the banks of river Periyar, about 12 kilometers away from Cochin International Airport, Kerala. The college is a unique blend of rural character and cosmopolitan outlook and is a singular instance of a centre of higher education run on ecumenical basis and secular principles. The College which was established in an old court complex (*Kacheri Malika*) in the 18 acres of land donated by the Maharaja of Travancore, Mulam Thirunal Rama Varma V, was a rare and united endeavor of four young graduates from various Christian denominations (Prof. K.C.Chacko, Prof. C.P. Mathew, Prof. V.M. Ittiyera and Prof. A.M.Varkey) and is still an exemplary monument of unity in service. In 1925, Mahatma Gandhi visited the college and was impressed by what he saw and testified that he was “Delighted with the ideal situation”. The College is proud to have produced eminent leaders, statesmen, artists, writers, teachers and scholars over these fruitful 100 years. The College is well known for its academic excellence and social commitment. It completed the fourth cycle of NAAC accreditation in 2017 with A grade (CGPA - 3.45).

# About the Department of Chemistry

The Department of Chemistry was initiated in 1926 from the very inception of the Science stream of the Intermediate Course in the College. Prof. T. R. Anantharaman was the founder Professor and Head of the Department. The B.Sc course in Chemistry was started in 1953. Under the inspirational leadership of Dr. A. M. Chacko, the PG course was initiated in 1982. Owing to the untiring efforts of the eminent faculty, the research activities gradually increased, and the department attained formidable reputation in the national scene as one of the finest schools of chemistry for graduation. With the advent of the new era, the department is marching forward in newer areas of research and teaching with 9 young and energetic faculty members who has industrial and academic exposure from premier institutes of India and abroad. Three of them are recognized research guides of Mahatma Gandhi University. Chemistry division offers research opportunities in a wide range of interest from traditional organic, bio-inorganic chemistry to new frontiers of material research, medicinal chemistry and nano science.

## About GAD TLC of MHRD

“Guru Angad Dev Teaching Learning Centre” is a centre of MHRD under the Pandit Madan Mohan Malviya National Mission on Teachers and Training (PMMNMTT) of the MHRD, Govt. of India. The objectives of the Teaching Learning Centre are to prepare Modern age teachers. Under this centre many National level activities like Seminars, FDPs and workshops at both basic and advanced level are being conducted to empower the teachers in ICT skills, develop teaching kits / teacher’s tools and ICT empowered pedagogies to enhance teaching-learning process. In its various programmes, around 25000 teachers across the nation have benefitted till now. The GAD-TLC is not only conducting MHRD’s newly introduced Faculty Induction Program (FIP), but also provided inputs in designing the content framework for the same to be implemented by all other centres for the FIPs. The centre has in-house e-learning technical expertise and infrastructure (video studio with virtual set technology) for e-content development in all formats including multimedia enriched video, animations, etc. as well as for virtual groups on LMS. The core team has developed more than 50 MOOCs for SWAYAM platform of MHRD, Govt. of India. GAD-TLC at SGTB Khalsa College, DU has been awarded the National Resource Centre of Chemistry, by MHRD, Govt. of India. The mandate of this National Resource Centre (NRC) is to conduct Annual Online Refresher Program for higher education faculty in Chemistry under the ARPIT (Annual Refresher Programme in Teaching) scheme of MHRD.

## About Union Christian College

Union Christian College (UCC), Aluva, a premier institution affiliated to Mahatma Gandhi University (MGU), Kottayam, Kerala would be celebrating its Centenary in 2021. The College is located on the banks of river Periyar, about 12 kilometers away from Cochin International Airport, Kerala. The college is a unique blend of rural character and cosmopolitan outlook and is a singular instance of a centre of higher education run on ecumenical basis and secular principles. The College which was established in an old court complex (*Kacheri Malika*) in the 18 acres of land donated by the Maharaja of Travancore, Mulam Thirunal Rama Varma V, was a rare and united endeavor of four young graduates from various Christian denominations (Prof. K.C.Chacko, Prof. C.P. Mathew, Prof. V.M. Ittiyera and Prof. A.M.Varkey) and is still an exemplary monument of unity in service. In 1925, Mahatma Gandhi visited the college and was impressed by what he saw and testified that he was “Delighted with the ideal situation”. The College is proud to have produced eminent leaders, statesmen, artists, writers, teachers and scholars over these fruitful 100 years. The College is well known for its academic excellence and social commitment. It completed the fourth cycle of NAAC accreditation in 2017 with A grade (CGPA - 3.45).

Union Christian College, Aluva- 683102**

**Date : 22 January, 2020**

**Time : 4:00 PM**

**Speaker:**

**Dr. Kinshuk Dasgupta**

*(Shanti Swaroop Bhatnagar Awardee 2020)  
Head, Advanced Carbon Materials Section,  
BARC, Mumbai*

**Topic:**

## **“Fascinating World of Carbon Nanomaterials”**

*Carbon is a wonderful material with wide range of structures and properties. Carbon nanomaterials are very attractive among researchers as the structures can be tailored based on the applications we need. Out of various carbon nanostructures, carbon nanotubes and graphene derivatives are on high demand. However, for practical use of these exotic materials, large-scale synthesis of these materials in an economical way is the need of the society. In this lecture synthesis, characterization and applications of carbon nanomaterials covering the above aspect will be dealt with.*

A circular portrait of an elderly man with glasses, wearing a light-colored shirt and a dark jacket. The background of the portrait is a light, neutral color. The portrait is set against a white background with teal and light blue decorative shapes at the top and bottom.

## **Prof. T. R. Anantharaman**

Prof. T. R. Anantharaman was the founder Professor of the Department of Chemistry, Union Christian College, Aluva. He retired in 1962 after 36 years of meritorious service. With his profound scholarship, flair for teaching, devotion to duty and loving concern for the students, he inspired generations of students, several of whom are outstanding achievers in the expanding field of Chemistry. Prof. T. R. Anantharaman passed away in November 2001 at the age of 99. The children of Prof. T. R. Anantharaman instituted an endowment in the name of their beloved parents "Prof. T. R. Anantharaman and Mrs. Seshambal Anantharaman Memorial Endowment for excellence in the field of Chemistry".

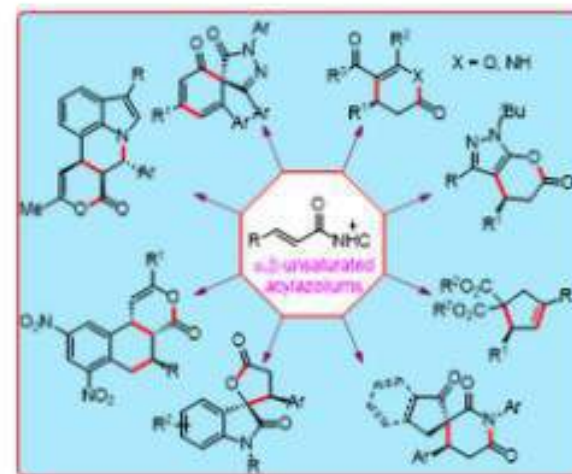

## About the speaker

Dr. A. T. Biju received his M. Sc. from Sacred Heart College Thevara (affiliated to MG University, Kerala, India) and Ph.D. under the guidance of Dr. Vijay Nair at the CSIR-NIIST (Formerly RRL), Trivandrum, India. Subsequently, he has been a post-doctoral fellow with Prof. Tien-Yau Luh at the National Taiwan University, Taipei and an Alexander von Humboldt fellow with Prof. Frank Glorius at the Westfälische Wilhelms-Universität Münster, Germany. In June 2011, he began his independent research career at the CSIR-National Chemical Laboratory, Pune. From June 2017 onwards, he has been an Associate Professor at the Department of Organic Chemistry, Indian Institute of Science, Bangalore. His research focuses on the development of transition-metal-free carbon-carbon and carbon-heteroatom bond-forming reactions using aryne chemistry and N-heterocyclic carbene (NHC) organocatalysis, and their application in organic synthesis.

## Topic : Organocatalysis Using N-Heterocyclic Carbenes

Catalysis is a fundamentally sustainable process, which can be used to produce a wide range of chemicals and their intermediates. Among the various catalytic methods, N-heterocyclic carbene (NHC)-catalyzed umpolung of aldehydes is widely used for the unconventional access to target molecules. In this context, we have recently demonstrated, for the first time, the NHC-catalyzed umpolung of imines for the synthesis of 2,3-disubstituted indoles, functionalized quinolines and dihydroquinoxalines. Further, we have investigated NHC-catalysis for the generation of  $\alpha,\beta$ -unsaturated acylazoliums followed by their interception with various nucleophiles, the formal [3+3] annulation reactions. We have demonstrated the use of such enantioselective NHC-catalyzed annulation reactions for the synthesis of several heterocyclic systems as shown in the figure. The details of these works will be presented.

# Programme Schedule

- 10.00 am: Welcome Address**  
Ms. Minu Joys (HOD, Department of Chemistry)
- 10.05 am: Presidential Address**  
Dr. Rachel Reena Philip (Principal)
- 10.10 am: Manager's Address**  
Rev. Dr. Thomas John (Manager)
- 10.15 am: Introduction of the Speaker**  
Dr. Neethumol Varghese (Assistant Professor)
- 10.20 am: Prof. T. R. Anantharaman Memorial  
Lecture**  
Dr. A. T. Biju  
(Associate Professor, IISc, Bangalore)
- 11.20 am: Vote of thanks**  
Dr. Sunil Sekhar A. C. (Assistant Professor)

(IST)**

## About the speaker

Prof. Subi Jacob George is currently leading a supramolecular chemistry group at the New Chemistry Unit of JNCASR, Bangalore, India. He has obtained his PhD degree at the NIIST, India in 2004 in the group of Prof A. Ajayaghosh. During 2005-2008, he has been a post-doctoral fellow at the Laboratory of Macromolecular and Organic Chemistry, Eindhoven University of Technology, The Netherlands with Prof. Dr E. W. (Bert) Meijer. He is the recipient of Shanti Swarup Bhatnagar Prize for Science and Technology in Chemical Sciences Category for the year 2020. He is also the recipient of Swaranjayanti Fellowship from Department of Science and Technology of Government of India (2017), APA Young Scientist award (2015), NASI-SCOPUS Young Scientist Award in Chemistry (2015), Chemical Research Society of India Bronze Medal (2015) and Materials Research Society of India Medal (2013). In 2019, he has been elected as the Fellow of Indian Academy of Sciences. He was also the Young Associate of the Indian Academy of Sciences (2011). He is the member of Editorial Advisory Boards of Chemistry of Materials (ACS), Material Horizons (RSC), Chem (Cell), Organic Materials (Thieme) and ChemNanoMat (Wiley). His current research interests focus on Functional Supramolecular Polymers, Living and Non-equilibrium supramolecular polymerization, Supramolecular Chirality and Organic opto-electronic materials. He has published more than 130 research publications in reputed journals and has an H-index of 52.

## **Dr. A.M. Chacko**

Dr. A. M. Chacko served as Principal, Manager, Head of the Department of Chemistry, Warden, Teacher and Administrator of Union Christian College, Aluva. Above all, he has been a friend, philosopher, mentor and guide to generations of students who passed through the portals of the institution. He joined the Chemistry Department as Faculty in 1958. His absolute commitment to the college for more than six decades, competence and efficiency in different roles and unwavering fidelity to the ideals and values of the Founding Fathers, made him a stalwart whose memory inspires generations associated with college. Keeping an extraordinary simplicity in personal life, Chacko sir enriched and motivated students and colleagues abundantly with his faith in God, unfailing vision in the fellowship mode of life and administration of the college. He made his signature from international partnerships to teacher - student relationships, the cornerstones of Union Christian College. After several years of his meritorious service he passed away at the age of 84 in December 2018.

Mr. Raghesh T P  
Technical Project Manager  
Tata Elxsi  
Trivandrum  
Kerala

Contact ID: [tpraghesh@gmail.com](mailto:tpraghesh@gmail.com)  
Ph: +918129085557

Linked In : <https://www.linkedin.com/in/tpraghesh/>

**ABOUT WEBINAR**

The Internet of Things (IoT) is a network of connected physical devices that use sensors and Application Programming Interface (API) to exchange data over a network. In recent years, the number of IoT devices have rapidly increased from 2 billion in 2006 to 23.14 billion in 2018. Given its current growth rate, the number of IoT devices is expected to reach 50 million by 2020. Consequently, modern developers are actively searching for avenues where they can learn more about this upcoming technology and equip themselves for the future changes. The webinar will provide a general introduction on IOT and Its Applications.

**RESOURCE PERSON**

Mr. Raghesh T P is an experienced IT professional with 19 years of industry experience. He is currently working with Tata Elxsi as a Technical Project Manager. He had worked with various companies such as Wipro Technologies and Wi Silica. He is an expert in Multiple Technologies and domains such as IoT, Analytics, Media & Entertainment, Telecom & Wireless.

DEPARTMENT OF ELECTRONICS & COMPUTER MAINTENANCE  
UNION CHRISTIAN COLLEGE ALUVA  
IN ASSOCIATION WITH  
ICT ACADEMY OF KERALA

## ORGANIZES A WEBINAR ON ROBOTIC PROCESS AUTOMATION

**DATE: 11 JUNE 2020**

**TIME: 11 AM**

[meet.google.com/asi-zzgx-raz](https://meet.google.com/asi-zzgx-raz)

Mr. Diyab A K  
Knowledge Officer  
ICTAK, Trivandrum  
Kerala

### RESOURCE PERSON

Mr. Diyab A K, working as a Knowledge Officer in ICTAK has five years of experience in IT and Education/Training Industry. His expertise includes Technical Training for students and faculties from various institutions on various technologies like Robotic Process Automation, Web Application Development using MEAN Stack, Android Mobile Application Development and Software Testing. Prior to ICTAK he has worked as an Assistant Professor at Malabar College of Engineering and also worked as a Software developer at Reubro International, Cochin.

### ABOUT WEBINAR

Robotic Process Automation (RPA) is the use of software with Artificial Intelligence (AI) and Machine Learning capabilities to handle high-volume, repeatable tasks that previously required humans to perform. These tasks can include Queries, Calculations and Maintenance of Records and Transactions. As per the study of McKinsey & Company, 30-40% of the existing business process services are likely to be impacted by RPA. There is a huge demand for RPA Professionals in India and Abroad.

### ABOUT THE INSTITUTIONS

Union Christian College, Aluva was founded way back in 1921 as a very prestigious institute of higher education in Kerala, South India. The college is affiliated to the Mahatma Gandhi University and is one of the top colleges in Kerala. B.Sc. Programme in Computer Maintenance & Electronics a two core course programme under choice based course credit and semester system. It was started in 2001 as a U.G.C sponsored vocational course. The program aims to provide a strong foundation for developing skills in electronic circuit designing, software development, assembling, troubleshooting and maintenance.

ICT Academy of Kerala is a Social Enterprise created in a Public Private Partnership model (PPP) for imparting ICT skills to the youths of Kerala and improve their employability opportunities in the Industry. The Company is supported by Govt. of India, partnered by Govt. of Kerala and the IT industry.

Co-Ordinating partner  
Placement cell Union Christian College

### **ABOUT WEBINAR**

Robotics is an interdisciplinary research area at the interface of computer science and engineering. Robotics involves design, construction, operation, and use of robots. The goal of robotics is to design intelligent machines that can help and assist humans in their day-to-day lives and keep everyone safe. Robotics draws on the achievement of information engineering, computer engineering, mechanical engineering, electronic engineering and others.

Today Robots are used in dangerous, manufacturing processes where humans cannot survive. Robots attempt to replicate walking, lifting, speech, cognition, or any other human activity. The webinar will provide a general introduction on Robotic Theory and Applications.

### **RESOURCE PERSON**

Dr. P. Babu, M.Tech, PhD in EEE. He is having 34 years of teaching experience under AICTE. Currently he is working as the Principal, Malabar College of Engineering & Tech., Thrissur. His research areas are renewable energy: Power electronics mainly to maximise power extraction from solar photo voltaic system by adopting inverter controls. He had worked as Lecturer, Professor, HOD and Principal in various Polytechnic Colleges and Engineering Colleges.

### **For Details:**

Mr. Akhil T V, Head, Dept. of Electronics, UC College, Aluva Ph: 9349405871

Ms. Milna M J, Assistant Professor, Dept. of Electronics, UC College, Aluva, Ph: 9633051381 (Coordinator)

ICT ACADEMY OF KERALA

ORGANIZES A NATIONAL WEBINAR ON  
**ARTIFICIAL INTELLIGENCE AND MACHINE LEARNING**

*"Union Christian College  
Celebrating the 100th Anniversary"*

**DATE: 7 JULY 2020**

**TIME: 11 AM**

 [meet.google.com/nar-hxcx-tpq](https://meet.google.com/nar-hxcx-tpq)

Mr. John J. Padamadan  
Knowledge Officer  
ICTAK, Trivandrum  
Kerala

Ms. Gauri Balachandran  
Knowledge Officer  
ICTAK, Trivandrum  
Kerala

**RESOURCE PERSONS**

Mr. John J. Padamadan is the Knowledge Officer at ICT Academy of Kerala, who has 3 years of corporate experience. He completed his B.Tech in Biomedical Engineering and has exposure in sales, service, and application engineering in leading MNCs in the biomedical industry. He's a certified specialist in Data Science & Analytics. His areas of interest are Data Science & Analytics, Machine Learning, Artificial Intelligence, Tableau, Database Management System, etc.

Ms. Gauri Balachandran is a Knowledge Officer at ICT Academy since 2019. Earlier, she was working at Ernst and Young as a Tax Analyst. Gauri has completed her Masters in Mathematics from Madras Christian College. Her areas of interest are Mathematics, Statistics, Machine Learning, Artificial Intelligence, and Data Science and Analytics.

**ABOUT WEBINAR**

Artificial intelligence (AI) is a wide-ranging branch of computer science concerned with building smart machines capable of performing tasks that typically require human intelligence. It is an endeavor to replicate or simulate human intelligence in machines.

Machine learning is a method of data analysis that automates analytical model building. It is a branch of artificial intelligence based on the idea that systems can learn from data, identify patterns, and make decisions with minimal human intervention. The webinar will provide a general introduction to Artificial Intelligence and Machine Learning.

**ABOUT THE INSTITUTIONS**

Union Christian College, Aluva was founded way back in 1921 as a very prestigious institute of higher education in Kerala, South India. The college is affiliated to Mahatma Gandhi University and is one of the top colleges in Kerala. B.Sc. Tata Consultancy Services  
Sydney, Australia

Contact ID: [prabith@hotmail.com](mailto:prabith@hotmail.com)  
WhatsApp: +919895097268

### ABOUT WEBINAR

Blockchain is a shared, immutable ledger for recording transactions, tracking assets, and building trust. Rather than keeping a record of all transactions in a central location, blockchain utilizes a distributed ledger. For a given activity, a copy of the full ledger with all transactions is kept on each node in a distributing network. The blockchain method provides many benefits over centralized forms of record-keeping, including transparency of data and no single point of failure. Although cryptocurrencies are currently a primary driver for blockchain discussions, it makes sense that they would fall to the bottom of the list for potential corporate applications and let us discuss more to explore where all we can apply this emerging technology. The webinar will provide a general introduction on Blockchain Technology and its Opportunities

### RESOURCE PERSON

Mr. Prabith Balagopalan is an MCA graduate from Calicut University and working in the IT industry for the past 14+ years. Currently, he is working as an Enterprise Solution Architect with Tata Consultancy Services (TCS) Ltd. Prior to joining TCS, he had worked in other major companies like Cognizant Technology Solutions (CTS) & UST Global. He has more than 6 years of experience in Banking and Finance Domain and well experienced in Software Application development using Core Microsoft Technologies

### For Details:
